

AWARDS & COMPETITIONS 3

3. FIVE SINGAPORE-DESIGNED DEVELOPMENTS IN THE RUNNING FOR ULI AWARDS FOR EXCELLENCE

(continue from page 38)

About the Awards

The 2010 ULI Awards for Excellence: Asia Pacific finalists were selected by a jury of renowned land use development and design experts: Jury Chairman Nicholas Brooke, Chairman, Professional Property Services Ltd, Hong Kong; Mark Fogle, Former Managing Director/ Chief Investment Officer, RREEF Asia Pacific, Hong Kong; Ross Holt, Chief Executive Officer, LandCorp, Australia; Paul Husband, Managing Director, Husband Retail Consulting Ltd, Hong Kong; Tomohisa Miyauchi, Representative Director, ISSHO Architects, Japan; Hokyu Lee, Chairman, Savills Korea, Korea; SC Liu, Chairman, MyTopHome (China) Holdings Ltd, China; Rocco Yim, Executive Director, Rocco Design Architects Ltd, Hong Kong; and Rita Soh, Director, RDC Architects Pte Ltd, Singapore.

The jury was challenged by the high quality of the projects, which struck the judges as particularly significant in the current economic environment. "These finalists are great examples of success that showcase creativity, innovation, and long-term thinking," said Jury Chairman Nicholas Brooke. "Perhaps now more than ever, the ULI Awards for Excellence program reminds us of the key difference that responsible land use development can make, in terms of longevity and overall community sustainability."

Over the years, the Awards for Excellence program has evolved from the recognition of one development in North America to an international competition with multiple winners. The ULI Awards for Excellence: Europe (now EMEA) was added in 2004, followed by the ULI Awards for Excellence: Asia Pacific and the Global Awards in 2005. Throughout the program's history, all types of projects have been recognised for their excellence, including office, residential, recreational, urban/mixed-use, industrial/office park, commercial/retail, new community, rehabilitation, and public projects and programs.

More information about ULI's Awards for Excellence program is at www.uli.org/awardsandcompetitions.

About the Urban Land Institute

The Urban Land Institute (www.uli.org) is a non-profit education and research institute supported by its members. Its mission is to provide leadership in the responsible use of land and in creating and sustaining thriving communities worldwide. Established in 1936, the Institute has nearly 30,000 members representing all aspects of land use and development disciplines.

4. SINGAPORE-BASED FIRMS AWARDED AT THE BCI GREEN DESIGN AWARD 2010

The inaugural BCI Green Design Award, organised by BCA Asia Construction Information Pte Ltd, a subsidiary of the BCI Group of Companies, was launched in 2009 to seek out innovative and environmentally responsible architecture that has been designed, built and commissioned in Asia.

Singaporean firms have come up big at the BCI Green Design Award 2010, winning nine out of 21 available awards, amongst other regional nations including Indonesia, Malaysia, Vietnam, Philippines, Thailand and Hong Kong. WOHA bagged two awards; DP Architects, CPG Consultants – CPGairport, and Woodhead Pte Ltd each won a design award.
